

## ➤ SMLL WORKSHOP SPACE

The SMLL Woolwich HQ has full vehicle workshop facilities located on the Greenwich testbed route.

The workshop area has three bays and have an array of facilities available in each of them. They are designed predominantly to assist clients with the calibration and programming of AV's or manually driven vehicles whilst they are being tested.

They have full connectivity to either the SMLL data centre or to a data collection facility owned by the client.

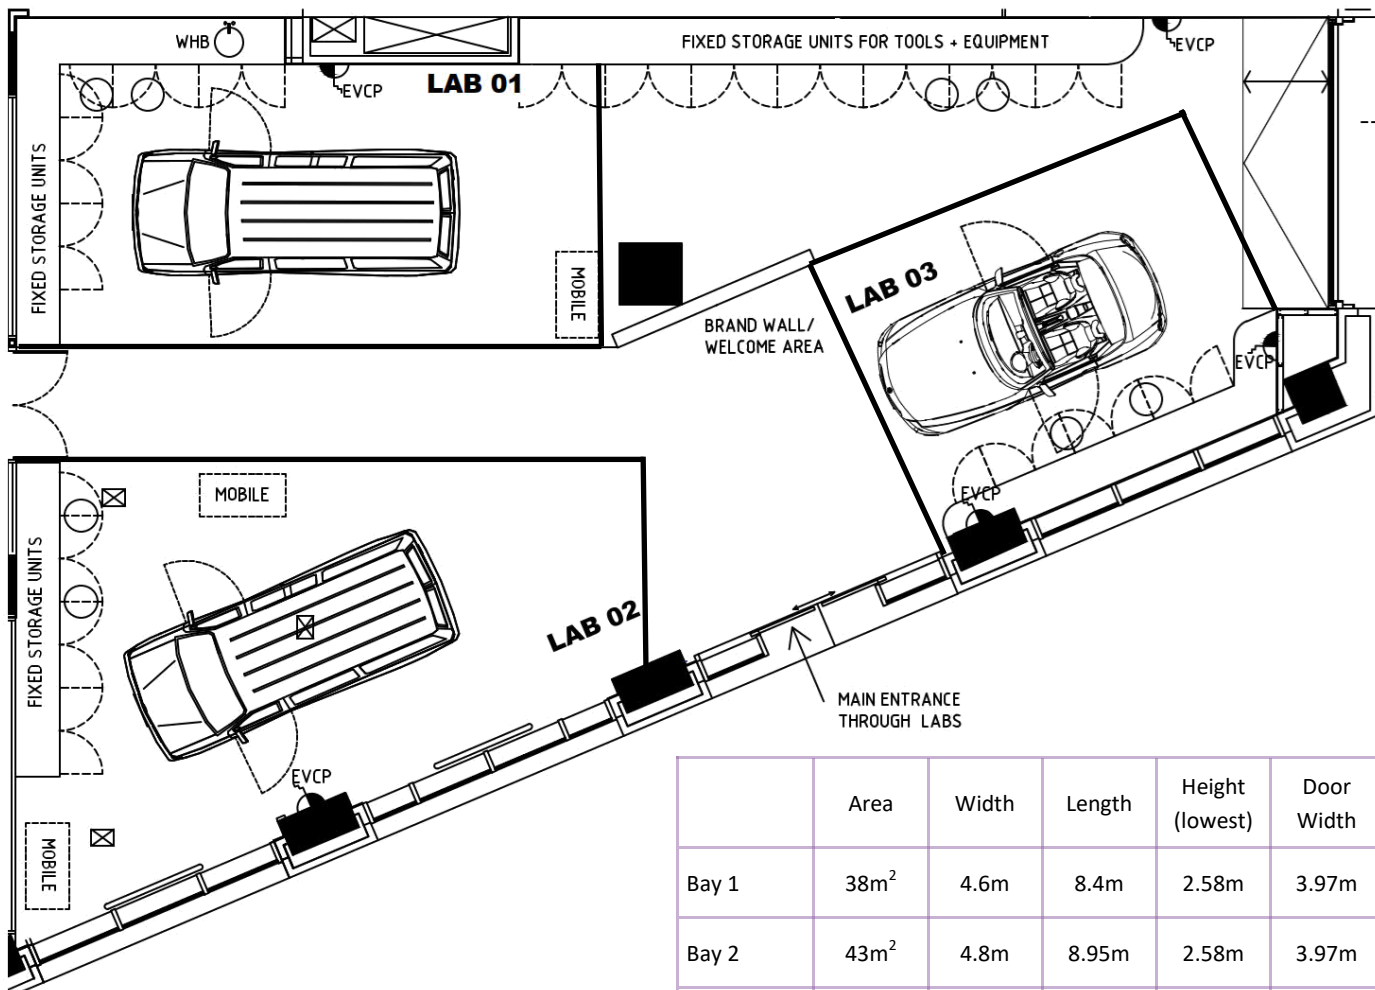

### Key Facts

- 160m<sup>2</sup>—three workshop bays or ability to park up to six vehicles
- Four 7.4 kW EV charge points
- Full networking and power
- Professional grade toolkits
- Technicians workbenches
- Fully enclosed and secure area
- Separately lockable cabinets
- Roller door entrance
- Running hot and cold water
